

Jhargram & Garbeta visit report – 12th February 2022

JHARGRAM

On 11th of February, myself, Supriyo Mondal, our Treasurer, Goutam Majumder and Member, Pradip Mitra, went to Jhargram, to check on the student progress @Jhargram & Garbeta.

We had a lengthy discussion with Secretary Maharaj there on different projects being taken by them & stayed overnight at ERMS campus. On early morning next day we left for study centre visit.

You are already aware that from April'21 we are sponsoring one study centre run by R K Mission, Jhargram for grooming and preparing children from a local primitive tribal (Lodha Sabar) village (Auligeria) for their subsequent admission to Std 6 in Eklavya Residential Model School (ERMS), Jhargram. **Our effort has started paying dividends - this year out of 5 students from Std 5, 3 qualified for Std 6 admission in ERMS (all girls). They are the first students from this village to qualify for ERMS.**

Now student count has reached 32-33 with Std 6 also added.

Though 2 out of these 3 (both are Sandhya Sabar) have taken admission in ERMS, father of the brightest of the lot, Koyel Sabar has outrightly refused to send her daughter to hostel (for him daughter is daily wage earner & he will loose on that if she moves to hostel). Even after much persuasion he refused to bulge & threatened to kick his wife & children out of home. Ultimately it has been agreed that she will take admission in local high school & will continue to be student in the study centre (that's one reason we have now added Std 6 in the study centre).

Seeing the success this year the student strength in study centre for Std 5 has reached 14 which will give us a very good funnel for 2023 admission in ERMS.

Keeping in mind the addition of higher classes/student number, we have now added one teacher with Science background also. Budget for next FY will also be increased to 1.5L from 0.97L this FY.

We have now received proposal from RK Mission, Jhargram about partly sponsoring one more study centre (already in operation) in the Santhal locality adjacent to ERMS. This we will consider in next FY budget.

Study Centre building

These two students (Sandhya Sabar 1 & 2) have taken admission in ERMS, Jhargram this year. First admission in ERMS from this village

Std. 4 & 6 Class Room

Std. 5 Class Room

Study Centre where we have been requested for partial sponsorship

JHARGRAM

We left Jhargram @10am & reached Garbeta @12:15pm.

During our last visit we have decided that instead of yearly visit we will be visiting Garbeta on quarterly basis & this was our first such visit just before Std. 10/12 Board Exam.
